HUFFMAN CORPORATION ANNOUNCES KIM HAMMAR AS DIRECTOR OF OPERATIONS

Clover, SC (May 20, 2010) – Huffman Corporation (www.HuffmanCorp.com) announced today that it has added a key resource to their senior management team to address growth in the flight and industrial gas turbine manufacturing and medical markets. Kim Hammar from Charlotte, NC has joined as their Director of Operations.

Kim Hammar will be responsible for all aspects of plant operations, including materials, shop floor, facilities, quality and Information Technology. Kim brings a wealth of 30 years of global manufacturing plant management experience. He has held positions of progressive responsibility with Okuma and Figgie International.

Roger H. Hayes, President said, “We are thrilled to have Kim with his depth of world class manufacturing experience join our team.”

ABOUT HUFFMAN CORPORATION – “Compelling Productivity. Legendary Reliability.”
Founded in 1961, Huffman Corporation provides manufacturing process technology to the flight, industrial gas turbine, and medical markets. The company’s main products are multi-axis superabrasive grinding machine systems, laser powder fusion machine systems, and precision abrasive waterjet machine systems. Located in Clover, SC, a suburb of Charlotte, NC, Huffman is an ISO 9001:2008 and CE-approved supplier with global sales and service.
